President Evil: A time traveler approaches a presidential candidate and warns him that his loss in the upcoming election will pave the way for one of these. As she continues to win him over, she eventually convinces him that his staff will sabotage his chances of winning, and that he needs to jump from the plane and leave them all to die (she'll protect him with her future-tech).

**The Outer Worlds - Wikipedia**
The Outer Worlds is an action role-playing video game featuring a first-person perspective. In the early stages of the game, the player can create their own character and unlock a ship, which acts as the game's central hub space. Though the player cannot control their ship directly, it serves as a fast travel point to access different areas in the game and acts as the player's persistent
